A monthly report of your field activity is to be mailed to the Society each month on the reverse side of this form. *Even though no reimbursement is desired, it is necessary to make out and forward this report to the Society.* The monthly report is to be made up and sent in each month whether you meet the special pioneer requirements or not.

To ensure prompt and safe delivery of your check, on each reimbursement request form carefully fill in complete address to which the check is to be mailed.

The Society will forward the special pioneer reimbursement once every month, based upon the amount requested, as shown on this statement. The request is not to exceed the amount set by your branch office for each month, and the reimbursement sent will depend upon each month's activity.

We should like to have all the checks sent out by the Society cashed and returned to our files within thirty days. We hope that all special pioneers will cash them within a few days after they receive them in the mail. Please endorse in ink.
