Re: Translation Teams

Dear Brothers:

We are pleased to let you know that the Governing Body has given approval for the Catalan Translation Department, which for many years has been located at the branch in Ajalvir (Madrid), to move to Mataró (Barcelona). This will permit the translators to maintain direct contact with the Catalan-speaking population, which will contribute to keeping the translation of our publications into that language up to date, pleasing and easily understood.

There is similar news about translation into Valencian. Approval has been given to establish a permanent Valencian translation group, effective September 1, which will work at the Aldaya (València) Kingdom Hall. This will open the way not only to continue the work done so far, but also to increase the number of publications and the information translated into that language.

It certainly is a pleasure to observe Jehovah's blessing on the preaching work in these languages and others, local as well as foreign. All of us are encouraged by the efforts of millions of evangelizers in the whole world to extend the invitation to others to become part of God's people.—Isaiah 2:2, 3.

Receive our expression of deep appreciation for all, along with gratitude for your participation in the Kingdom work.

Your brothers,

Testigos Cristianos de Jehová
