TO THE FAITHFUL WITNESSES OF JEHOVAH
EVERYWHERE

My dear Brethren:

This brief note is to remind you that April 13-21 is The Anointed's Thanksgiving Period, during which all faithful ones throughout the earth will, according to their respective ability, participate in proclaiming the name of Jehovah and of his kingdom. Prepare for that period in advance and go to the field with rejoicing.

The placing of a certain number of books is important, but it is not the most important thing. Faithful devotion to Jehovah and giving of testimony to his name is the most important thing. The remnant must maintain their integrity toward God if they will have a part in the vindication of his name. We are to expect nothing else at the hands of Satan's agents than persecution, without which persecution we would have no opportunity to prove our integrity toward God. We rejoice, therefore, in tribulation, knowing that our deliverance draws near.

Jehovah continues to feed his people upon food from his Word, to make them strong. Let every one of the faithful show his appreciation of God's loving-kindness. I suggest that you have in your hand a printed card bearing the testimony following, and instead of reading it to the persons upon whom you call, let them read it, and while they are reading be ready to present the books.

TESTIMONY

In these days of perplexity and many conflicting opinions thoughtful persons are seeking to know and understand from the sure Word of God what is the truth. To aid the people in getting a proper understanding these books are published. Frequently you are confronted with questions like these: Why is there so much wickedness on earth? Will wickedness continue forever, or may we hope for something better? Who shall rule the world? Who is the supreme and all-powerful one? and how will that supremacy be made known to us?

A proper answer to those and many related questions will be found in these books, and the answer will bring you comfort, strength and hope. Voluntary contributions make it possible to publish these three booklets for ten cents. Would you take these three and contribute ten cents that more like books might be published for the benefit of the people?

It is my good pleasure and great privilege to be associated with you in the Lord's work. I pray he may continue to bless all of us as we diligently apply ourselves to his service.

With much love and best wishes, I remain

Your brother and servant by his grace,

President
