Dear Brothers:

Because of published allegations by opposers that we have secret links with the United Nations, a number of branches have inquired about the matter and we have replied. This circular letter replaces any replies we have given earlier and is sent to all branches. To anyone inquiring within your branch territory you might respond according to what is stated below:

Our purpose for registering with the Department of Public Information as a nongovernmental organization (NGO) in 1991 was to have access to research material available on health, ecological, and social problems at the United Nations library facilities. We had been using the library for many years prior to 1991, but in that year it became necessary to register as an NGO to have continued access. Registration papers filed with the United Nations that we have on file contain no statements that conflict with our Christian beliefs. Moreover, NGOs are informed by the United Nations that "association of NGOs with the DPI does not constitute their incorporation into the United Nations system, nor does it entitle associated organizations or their staff to any kind of privileges, immunities or special status."

Still, the Criteria for Association of NGOs—at least in their latest version—contain language that we cannot subscribe to. When we realized this, we immediately withdrew our registration. We are grateful that this matter was brought to our attention.

We trust that the above is helpful in counteracting the attempts of opposers to discredit us.

Please be assured of our warm Christian love and best wishes.

Your brothers,

Chairman's Committee
