BODY OF ELDERS  
CONGREGATION OF  
JEHOVAH'S WITNESSES, , MA

Dear Brothers:

We have in hand your letter dated August 11, 2009, in which you provided details regarding the past and present circumstances of Brother . Thank you for your response to our inquiry. Your comments were most helpful. Before we conclude our consideration of this matter, we would appreciate your assistance in the following ways.

In our earlier letter we stated: "We would like to know if Brother ever responded to Sister 's accusation. If so, did he admit to or deny the charge?" Your correspondence did not include this important information. According to the letter of introduction you sent to the Congregation, 'the victim wishes to remain anonymous.' We wonder if Sister 's desire for anonymity means that her stepfather was never made aware of her accusation. Please clarify this point for us. Your response to this letter should refer to the desk symbols and date indicated above and should be signed three elders.

Please be assured that your prompt follow-through in this important matter is sincerely appreciated. Along with this letter we convey our warm Christian love and greetings.

Your brothers,

*Christian Congregation  
of Jehovah's Witnesses*
