TO ALL BODIES OF ELDERS

Re: Foreign-language field adjustments

Dear Brothers:

We know you will be delighted to read the letter dated December 4, 2009, that provides the latest direction as to how the foreign-language field should be organized.

Up to this time the branch office has endeavoured to answer the various questions that many elders and travelling overseers have raised as to how the ministry in the foreign-language field should be arranged. However, now we are pleased that the faithful and discreet slave has addressed many of your questions. It is so reassuring to know that all of the branches in the world can be united as we come into line with the direction that has been provided.

The fine work of the circuit multi-language coordinators has been much appreciated. Also there have been many letters of appreciation for the annual meetings for those interested in witnessing in multi-language territory. However, we see the need to follow correctly the direction provided in the article “Developing the Foreign-Language Field” in the November 2009 issue of *Our Kingdom Ministry*, and in the December 4, 2009, letter to all bodies of elders. That being the case, the role of the circuit multi-language coordinator will cease and there will no longer be an annual meeting for those interested in witnessing in multi-language territory. Nevertheless, from what is stated in the December 4, 2009, letter you can sense the enthusiasm that Jehovah’s organization has for the foreign-language field. We trust that all elders and travelling overseers will endeavour to keep closely in step with this spirit.

We take this opportunity of sending you an expression of our warm Christian love and best wishes.

Your brothers,

Watch Tower B. & J. Society
