Re: Updated jw.org website documentation

Dear Brothers:

Due to the recent changes in jw.org account management, some of the documentation has been updated to reflect these adjustments. The latest support documentation can be found on jw.org by logging in and selecting the *Documents* tab, *Letters* option. The documents *Instructions for jw.org Domain Administrators*, *Instructions for jw.org Account Holders*, and *Instructions: Entering Reports on jw.org* are available on the site for reference.

As this information updates previous correspondence, please remove the following letters from your congregation file:

1. 2007/10/19 Re: jw.org website, and the enclosures: Instructions for Creating jw.org User Accounts, Instructions for Entering Reports and Instructions for Logging In
2. 2010/09/06 Re: Account management enhancements to the jw.org website

Please be assured of our warm Christian love and greetings.

Your brothers,

Watch Tower B. & J. Society
OF BRITAIN
