TO ALL CONGREGATIONS IN BRITAIN

Re: Donations to the worldwide work

Dear Brothers:

In 2009 we released the leaflets “*Making a Bequest Supporting the Worldwide Work of Jehovah’s Witnesses*” (cpi-E Bi) and “*Supporting the Worldwide Work with Tax Effective Giving*” (cp-E Bi). These have proved very helpful and demand has caused us to reprint them; updating the information in the latter to the current tax situation.

If you think either leaflet might prove helpful to you, please see your secretary for a copy. Especially is this the case if you are a taxpayer making donations to the worldwide work through your congregation contribution box and you wish to consider, instead, making your donations tax effective.

Thank you for your continued generous support of our life-saving Kingdom preaching activity.—Matt. 24:14.

With warm Christian love and greetings.

Your brothers,

Watch Tower B. & J. Society
OF BRITAIN

Note to the coordinator of the body of elders: We are providing 20 copies of each leaflet to each congregation with a forthcoming literature shipment. PDFs accompany this letter on the jw.org website. You can request more printed copies via the literature requesting system on jw.org. Please arrange for this letter to be read at the next Service Meeting after receipt, then place it on the noticeboard for a month. The leaflets should be featured in the Service Meeting item entitled, “Supporting Kingdom Activity Locally and Worldwide” the week commencing March 28, 2011. Thank you.
