Re: Somali-speaking publishers

Dear Brothers:

We write to request your assistance in a confidential survey we are conducting of Somali-speaking publishers who may be in a position to assist with Somali translation work, either now or in the future.

Typically, these ones may not be from Somalia but from Eritrea, Ethiopia, or Djibouti. Therefore, publishers who know the Somali language may be associating with Arabic, Italian, or French-speaking congregations or groups. Even if publishers may consider their language skills as limited, we would still like to know about them, if they are in good standing. In the event you have such publishers associating with your congregation we would like to hear from you, no later than **May 15, 2011**. Please send your reply to Desk reference **SDB:SSC**. If you do not know of anyone then there is no need to reply.

Thank you for giving this matter your kind attention. We take this opportunity to send an expression of our warm Christian love and best wishes.

Your brothers,

*Watch Tower B. & J. Society*
