Re:

Dear Brothers,

We are writing in response to the letter we received from the branch office with the date and desk symbols SDF November 1, 2011. In the letter, you requested some additional information regarding Brother [redacted]'s current relationship with his daughter; how he's viewed by his wife; and confirmation as to whether or not Brother [redacted] ever victimized any other minor.

On December 18, 2011, we spoke with [redacted]'s wife, Sister [redacted]. We asked about her daughter's current relationship with Brother [redacted], and she feels that they have a good relationship now. She mentioned that her daughter visits her and Brother [redacted] frequently because she cares deeply about her parents. Sister [redacted] feels that her daughter is coping well emotionally now, and has moved on since the sexual abuse occurred. We also asked Sister [redacted] how she views her husband. She mentioned that although they have had difficult times over the years, she now has respect for her husband, and they also have a very good relationship. Finally, on our initial meeting with Brother [redacted] in October 2011, we asked him if he has ever victimized or had any inappropriate contact with any other minor. He stated that he has never victimized or had any inappropriate contact with any other minor. Sister [redacted] has also stated that she has no knowledge of her husband ever victimizing any other minor.

We hope that this additional information is helpful, and we look forward to your further direction on this matter. We also take this opportunity to thank you on your tireless efforts in behalf of Jehovah's precious sheep.

SINCERELY,
