Re: *Charitable Planning* brochure

Dear Brothers:

The box “How Some Choose to Contribute to the Worldwide Work” in the article “Their Surplus Offset a Deficiency” on pages 8-9 of the November 15, 2012, issue of *The Watchtower* states that publishers can obtain a copy of the brochure *Charitable Planning to Benefit Kingdom Service Worldwide* from the congregation secretary. This is an adjustment from past direction indicating that the brochures should be obtained at the literature counter. Thus, effective immediately, *Charitable Planning* brochures should be retained in the congregation file and should be provided to publishers upon request. If additional copies are needed, they can be requested from the branch office in the usual manner on the jw.org Web site. (The item number to be used is 6678.) The requested brochures will be sent in your next regularly scheduled literature shipment.

Thank you for your attention to this matter. May Jehovah bless all the brothers for their giving in behalf of Kingdom interests.

Your brothers,
*Christian Congregation
of Jehovah's Witnesses*
