Re: Request for Guyanese nationals to serve in Guyana

Dear Brothers:

The Trinidad and Tobago branch office oversees the theocratic activity in Guyana. In view of the potential for further growth, there is a need for Guyanese nationals, especially those serving as elders, ministerial servants, and regular pioneers, to consider whether their circumstances allow them to return to Guyana to assist with the preaching work.

Please speak with any Guyanese nationals who are serving in an appointed capacity to let them know about this opportunity to expand their ministry in their home country. Any who may be in a position to do so should follow the steps outlined in the *Organized* book, pages 111-112, and write to the Trinidad and Tobago branch office for further information. (Mal. 3:10; Luke 14:28) Their letter should be accompanied by a letter from the Congregation Service Committee recommending them. The address for that branch office is The Association of Jehovah's Witnesses of Trinidad and Tobago, Lower Rapsey Street & Laxmi Lane, Curepe, Trinidad and Tobago.

Thank you for your kind assistance with this request. We send our warm Christian love and best wishes.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*
