Re: Kingdom Hall Assistance Arrangement (KHAA)

Dear Brothers:

The Kingdom Hall Assistance Arrangement uses designated contributed funds to pay for property damage to Kingdom Halls and for expenses and liability claims arising from incidents at Kingdom Halls. Jehovah's blessing on the fine support that all have shown throughout the world have made it possible to provide this assistance whenever there is a need.

As has usually been the case we want to avoid burdening the brothers with one large expense. We therefore recommend that **each congregation pass a resolution** to contribute monthly from the congregation's local expenses **based upon the number of its publishers**.^{*} (For example, GH¢0.10 x (No. of Publishers) = GH¢.... per month). Please note that as with all contributions, no levy should be placed on the brothers. Let each one do as he or she has resolved in his or her heart. (2 Cor. 9:7) Since this will be a monthly contribution, it **should be cared for by each congregation** instead of by the operating committee in the case of congregations that share a Kingdom Hall.

We are pleased to administer this arrangement by which all congregations can share in assisting one another. We join you in praying for Jehovah's blessing on our efforts to care properly for our buildings and to accommodate all those who turn to such centers of true worship to learn more about our Grand Creator.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*

***The suggested contribution per publisher for 2013 is GH¢0.10 (10 pesewas) per month or GH¢1.20 per year.**
