TO ALL TWI-LANGUAGE CONGREGATIONS

Dear Brothers:

We are happy to inform you that beginning with the September 2013 issues, the Twi edition of *The Watchtower* will be available in audio format as Web audio (for downloading from jw.org) as well as MP3 disc.

Many will benefit personally by listening to the recordings. However, we encourage bodies of elders and others to think of how they can use this new provision to help the blind, elderly and infirm in their congregations. Families are also encouraged to make good use of this new provision in their family worship program. The Web audio is immediately available for download on the jw.org Web site and we encourage all who have access to the Internet to download these files from the Internet.

Those who do not have access to the Internet and are not in a position to download these files from jw.org may begin to put in their request for copies of the MP3 disc right away, using **page 4 of the S-14 form**. Please note that individuals and families who request the MP3 discs should have a device for playing MP3. For all requests for MP3 discs please use the S-14 forms for now. In the future, you will be informed when you can request the MP3 discs using the literature request feature on jw.org Website.

Please accept our warm Christian love and best wishes.

Your brothers,

*Christian Congregation
of Jehovah's Witnesses*
