November 17, 2013

TO ALL BODIES OF ELDERS IN THE UNITED STATES BRANCH TERRITORY

Re: Second consignment of revised *New World Translation*

Dear Brothers:

We are pleased to inform you that all English congregations will be receiving a second consignment of the revised *New World Translation of the Holy Scriptures* in English during the month of November 2013. This consignment will be in the quantity of 40 percent of the publisher count. Please note that this quantity is in addition to the initial consignment of 50 percent of the publisher count that was shipped during the month of October 2013. With this in mind, each congregation should carefully review any outstanding requests and determine if they are still needed.

If it is felt that additional supplies will be needed to maintain a modest stock of Bibles as is done for other publications distributed in the field ministry, English language-coordinating congregations may begin to request them at this time. Likewise, foreign-language congregations that do not have an English congregation in their Kingdom Hall Literature Group may also begin to request additional copies of the *New World Translation* in English for personal use or to distribute to Bible students and other interested individuals. All such requests should be submitted no later than **November 27, 2013**. Thereafter, you may continue to submit further requests in the months to come as you do for all other field service items.

The branch office will fill all requests for which there is available stock. However, any request for quantities beyond current stock levels will appear as “pending” on literature packing lists and will be filled once stock becomes available.

We send you our warm Christian love and greetings.

Your brothers,
*Christian Congregation
of Jehovah's Witnesses*
