TO ALL BODIES OF ELDERS IN BRITAIN AND NORTHERN IRELAND

Re: Transmission of theocratic events

Dear Brothers:

We are writing to make you aware of a supplier arrangement on jw.org for Kingdom Hall telephone and broadband. This arrangement is being made available to facilitate the broadcasting of theocratic events.

We are currently researching suitable equipment to enable these communications. In the meantime, please do not purchase additional equipment such as projectors or monitors until you receive more direction from us.

If your Kingdom Hall does not currently have broadband, we would recommend that you consider the supplier arrangement on jw.org. If you already have broadband, we would recommend you consider switching over to the arrangement on jw.org once your current contract nears expiry.

We understand that in some cases you may feel that you can obtain special broadband offers at lower prices than those negotiated by the Watch Tower Society. However, it is beneficial to have the same supplier for all Kingdom Halls as this will provide a consistent service. Please note that this is not a consumer or home service. Rather, it is a better quality, business-level arrangement.

In a few isolated cases, usually due to location, we understand that you may not be able to use this particular jw.org arrangement. If this is the case, please feel free to arrange a separate supplier.

We are sure you will see the benefits of having all Kingdom Halls enabled for telephone and video communications.

We send you our warm Christian love.

Your brothers,
*Christian Congregation
of Jehovah's Witnesses*
