Re: Global Assistance Arrangement for the 2015 service year

Dear Brothers:

We would like to take this opportunity to thank you for your continued financial generosity in support of the worldwide preaching work. Your regular and cheerful giving no doubt brings great joy to our God, Jehovah. (2 Cor. 9:7) Knowing of your desire to support the organization, we would like to inform you of a revised global arrangement that is sustained by your contributions. It expands and replaces what was formerly known as the Kingdom Hall Assistance Arrangement (KHAA) and will be called the Global Assistance Arrangement (GAA).

The GAA is designed to prevent and pay for losses resulting from “unexpected events” that could affect the organization. (Eccl. 9:11) It cares for accidents at Kingdom Halls, Assembly Halls, and branch facilities or wherever there is damage that is the result of natural disaster, fire, moisture, or vandalism. The arrangement is based on the principle found at 2 Corinthians 8:14, where we find the apostle Paul’s encouragement that “an equalizing” take place with regard to financial support. Therefore, funds are annually set aside from contributions to the worldwide work to ensure that no loss to a congregation or any other theocratic entity would cause an undue burden on any of our brothers.

For the coming year, the anticipated costs of the GAA would be covered if each publisher were able to contribute approximately \$3.50. This does not mean that each publisher is expected to contribute this exact amount. Instead, each congregation may choose to pass a resolution to contribute to the worldwide work the amount suggested by the body of elders from the congregation’s funds. Publishers can then contribute to their local congregation in harmony with their resolution.

The funds would then be used to support theocratic activities, including the GAA. Since these contributions are not restricted to any one activity, some congregations may choose to donate a sum greater than the average amount. This would further support the worldwide work and assist other congregations that may not be able to contribute as much. This is in harmony with the Biblical pattern of giving. (Acts 11:29) Some congregations choose to spread out their donation over the year. Others choose to make one donation at the start of the service year. Either method is acceptable.

Your support of this arrangement is greatly appreciated. May Jehovah continue to bless your generous spirit.—Heb. 13:16.

Your brothers,

PS to body of elders:

This postscript should not be read to the congregation, and this letter should not be posted on the information board. However, a copy of this letter and postscript should be given to your accounts servant. Along with this letter, we are also providing a new form entitled *Key Facts About the Global Assistance Arrangement (TO-57)*. This form is being made available only to elders. The letter dated December 1, 2004, regarding key facts about the KHAA should be removed from the congregation permanent file of policy letters and should be destroyed. You may wish to update the congregation copy of *Index to Letters for Bodies of Elders (S-22)* at this time as well.

Please take the following steps:

- (1) The secretary should use the number of active publishers to calculate the suggested amount to be contributed by the congregation. (Number of active publishers multiplied by \$3.50.)
- (2) Before the next Service Meeting, if possible, the coordinator of the body of elders should make arrangements to allow the body of elders to review and discuss the suggested amount. The elders may choose to raise or lower the amount based on the economic abilities of the congregation as a whole. Once an amount is agreed upon by the body, they would then determine if they would prefer to contribute this amount in one payment or to make contributions spread over the course of the year.
- (3) Based upon the body's decision, the coordinator of the body of elders should arrange for the next Service Meeting to include the reading of the letter and the congregation's consideration of the resolution. The resolution could simply state:

We the _____ Congregation resolve to donate an additional amount of \$_____ for the 2015 service year to the worldwide work. This amount will be donated (in one payment/spread over the course of the year). We also resolve to transfer any funds held on our behalf in the Kingdom Hall Assistance Arrangement (KHAA) to the worldwide work.

- (4) After the resolution has been considered and approved by the congregation, it should be given to the accounts servant to add to the accounts records file along with this letter. This amount should be forwarded with your remittance to the branch office using the entry for "Global Assistance Arrangement (GAA)" on the appropriate contribution remittance or funds transfer form.

Thank you for your diligence in caring for these necessary matters. If you have any questions on this arrangement, please feel free to contact the Risk Management Desk in the Accounting Department.
