TO THE BODIES OF ELDERS OF ALL ENGLISH-SPEAKING CONGREGATIONS IN THE UNITED STATES BRANCH TERRITORY

Re: Video for the Service Meeting

Dear Brothers:

The instructions for the Service Meeting during the week of October 20, 2014, call for a seven-minute demonstration of a publisher explaining our beliefs about 1914. We are pleased to inform you that a prerecorded video is being prepared in English for this demonstration. Therefore, English-speaking congregations in a Kingdom Hall equipped for video presentations will not need to prepare and rehearse a live demonstration. If the Kingdom Hall is not equipped for video presentations at this time, please consider what can reasonably be done to arrange for this video presentation. The jw.org Web page containing the link to this letter will be updated when the video becomes available.

Below are revised instructions for the Service Meeting part for the week of October 20. Please be sure to pass these along to the brother who is assigned to present this part.

15 min: A Tool to Help Us Explain Our Beliefs About 1914. Begin by playing the prerecorded demonstration. Publishers should have on hand the chart on page 11 of the November 1, 2014, *Watchtower*. When the video is finished, invite the audience to comment on why the demonstration was effective. Conclude by reading Revelation 12:10, 12 and inviting the audience to comment on how our knowing that the Kingdom began ruling in 1914 motivates us to preach the good news with urgency.

We send our warm Christian love and best wishes.

Your brothers,
*Christian Congregation
of Jehovah's Witnesses*

c: Circuit overseers

PS to coordinator of the body of elders:

Please ensure that the brother assigned to present the aforementioned Service Meeting part is informed of this direction and has access to the video.
